(Above) Thank you to Senior Tim Gavrilov (member of the photography club) for our opening picture.

(Left) Thanks to Class of 2015 member Travaughn Josey for his drawing of Ludlow High School.

2014

We, the senior class of 2014, have been trying to rid our reputation as the worst class ever since middle school. Although high school may not have started off that well for us, we really came together to prove to not only ourselves, but to our peers and most importantly the LHS staff that we really weren't the class from Hell. It may have taken four years to straighten ourselves out, but we did it, and we did it together.

Freshman

- -To start the year off, half way through first term we were called down to the auditorium to find out that 50% of our class had at least one failing grade.
- -As one of Principal Gina Flannigan's attempts for change at LHS, we had our first and last pep rally... which did not go nearly as well as planned.
- -The varsity soccer team won their last state championship for a long time.
- -As freshmen we out did the student body by winning the Deck the Halls challenge during our Winter Spirit Week.
- -Wintertime was a tough time due to the fact that our gym and auditorium were off limits because of the damage the snow did to our roof, which caused Volleyball Marathon to be held at Baird Middle School for the first time and hopefully the last time.
- -To top off our first year of high school, we took a trip to Ellis Island on one of the hottest days possible.

Sophomore

- -We're not part of the title "Upperclassmen," but weren't considered freshmen. So where does that put us?
- -Newly appointed Principal Nemeth was welcomed with open arms after Principal Flannigan's one year reign.
- -We enjoyed our Halloween winter break thanks to Snowtober!
- -Last year of MCAS... thank goodness! First year of PSAT/SAT... ughhh!
- -We managed to win a spirit week despite our pathetic attempt for our "Once in a Blue Moon" Deck the Hall theme.

Junior

- -Stress began to pile up when the talk of SATs and college erupted.
- -We might as well say our school began to go paperless due to the use of technology.
- -Michelle Obama thought changing our school lunches to lettuce and bananas would change our obesity rate in America.
- -Principal Nemeth put into effect the idea of having a class called "Advisory" for some downtime to relax and discuss school matters. Just as quickly as it was put in, it was removed due to lack of interest by the majority of the students. Some of us were sad, others were glad.
- -We took our field trip to Salem to perceive a better understanding of the Witch Hunt Trials.

Senior

- -Reality really hit us when we realized we had to figure out what we wanted to do with our lives and where we wanted to go to school.
- -Cell phone use was more common and encouraged by faculty.
- -More clubs began to arise this year, including the growing popular Best Buddies Club.
- -The woodshop was flooded and destroyed, unfortunately during Mr. Vdovjak's last year of teaching before he retired.
- -Another tough winter left seniors extremely happy due to the amount of snow days.
- -Ms. Gebo, Ms. Marino, Miss Dias and Mrs. Smith pulled their hair out while trying to put together senior show... but it all paid off in the end.

Vicky will miss her favorite classes, Gym and Video Game Design. In Gym class she especially enjoys playing racket sports, while in her Video Game Design class, she likes working on making platform and maze games. Victoria also enjoys going on educational but fun field trips with her class, E002. Vicky also stated "I like to work with Mrs. Bedore because she is a nice teacher." She looks forward to becoming an animal bather. She loves animals and has 4 of her own.

Steven will miss Gym class with his friends, particularly bowling and golf activities. He will also miss Mr. Henry's Chorus class, he greatly contributes to the class with his voice. Steven hasn't planned his future yet, but it is looking bright!

~Steven Leandres

Tommy's favorite part of his senior year was telling jokes in the Senior Show. Such as, "What do you see when the Pillsbury Dough Boy bends over? Dough-***". Tommy wants to accomplish future goals and also work at a game place. "I hope everyone had a great year and hope to see what LHS becomes in the future."

What are your final thoughts

OF SENIOR YEAR?

Gabriella Saloio

Logan Schinabeck

This year was much harder than I thought it would be. From dealing with demanding teachers and figuring out future plans, one could definitely say it's not easy. However, I still have so much fun, and I wouldn't trade it for anything.

You definitely have to work hard for your senior privileges. Between applying for scholarships, applying for college, passing midterms and so much more it's been a lot of work. Once that's all out of the way it's an absolute blast. Turn up!

Class of 2015

Junior year is known as one of the most stressful years of high school. It's your time to hit the books and study for the tests that'll determine your future; SATS and ACTS. You're figuring out what colleges you want to attend and what career path you want to go down. Since we're now upperclassmen we stand as role models for the freshmen and sophomores. This is the year we host our prom for the seniors. As a class junior year is memorable as creating more memories and meeting new friends. When the end of the year comes around all your hard work will pay off and your senior year is right around the corner.

Class of 2016

Sophomore year is a difficult year. It's your year to prove all that studying since elementary school for the MCAS has paid off. Sophomore year you have more responsibilities put on your shoulders. Every test you take, every homework you do (or do not) pass in will effect your future. Colleges are starting to look at the intelligent young lady or gentleman you might become in the next three years until you graduate. You're not an upperclassmen yet, but you're no longer a freshman. Transitioning into this year you've had more school spirit, more confidence, and feel more of a part of the LHS family. It's your year to step up and take control of your future.

Class of 2017

Walking into a new school is never easy. There are new teachers, new hallways, and more rooms than ever. Although these things combined may make them nervous, the Class of 2017 handles it with such grace they're practically pros. They showed their confidence by changing their class color from yellow to purple. They even used these newly developed navigation skills to find their way through Boston on their Boston Scavenger Hunt field trip.

Another part of the LHS family leaves us Mr. Vdovjak

Mr. Vdovjak has been a proud member of our LHS family, who is retiring after ten and a half years. Mr. Vdovjak said he is going to "miss the cheerful faces of his students and colleagues." His plans after his retirement include going back to work for industrial equipment and installation. He noted that some differences while here at LHS have been seeing different principals and superintendents come and go. Many teachers' rooms contain furniture that was built in Mr. Vdovjak's classes, which is why he will truly never be gone from LHS. We wish him a great and relaxing retirement!

We also wish luck to his his replacement, Mr. Dougherty who is pictured below!

Lion's Athletics

ion. What does it mean to be a LION? Lions work as a pack or team. They follow the directions of their leaders. They never quit. Being a part of Ludlow High School's athletic program is a huge academic motivation for all participants, as well as another way Ludlow High becomes a family. Whether they win or lose Ludlow Lion's Athletes make unforgettable memories on and off the field.

"What advice would you give to underclassmen continuing to play football?"

"Work hard and even if the chances don't seem there to never give up."

~Brandon Watt

- "Work hard and don't give up."
- ~Thomas Gennette

"Work out and go your fullest because you don't know when your last game is your last."

~Kyle Medeiros

Lion's Football

The 2013 football season may not have been what the players had hoped, but they over came many challenges along the way. Even when things were not going their way the football team stuck together and showed their Ludlow pride. How does the team manage a sense of family? Some of this year's traditions were praying, having dinner before every game, listening to music, and getting together at a team member's house. The seasons not always about getting "the w", but more of the experience along the way, and the football team really embraced that.

What is the best thing about Cheerleading?

"The best thing about cheerleading is forming a family with the team. We've worked so hard to be where we are today and I'm able to stand back and say I'm proud of this team."

-Emelie Kalesnik

"The best thing about cheerleading is that if we ever have problems we can tell each other and know it stays between us and we're all best friends and we all work together."

-Sarah Martins

Lion's Cheerleading

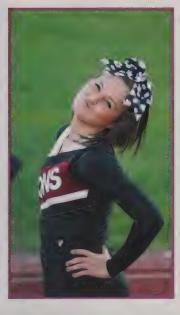

This year's cheerleading team had a season of rebuilding. The team had to work hard to come together when they had only six veterans and fifteen new-comers. The girls supported the football team on and off the field. The cheerleading team proved to be a strong and united family who brought spirit to Ludlow High School. LET'S GO LUDLOW!

What does being captain mean to you?

"Being an example to the team.

Making sure the freshmen are being led in the right direction, also to encourage them to have high standards."

-Marc Miller

What is it about golf that you enjoy most?

"Golf isn't a real team sport, but everyone contributes in order for the team to do well as a whole."

-David Annecchiarico

Lion's Golf

Good Round! That is exactly what the Ludlow Lion's golf team had. They had a very successful season during the 2013 school year, ending with a record of 10-5-0. They worked hard under the leadership of senior captain, Marc Miller, and senior cocaptain, Nick Antos. The nine freshmen who joined the team this year brought life and high spirits to it. By hanging out at the Ludlow Country Club after practice and games, the boys formed a strong bond with each other. With the loss of three seniors, Marc Miller, Nick Antos, and Ethan Wheeler, the team hopes to continue their success next season. They also look forward to the new members who will be joining next year.

What was your biggest challenge this season?

"The biggest challenge for me, personally, this season was finding my role on a team of twelve girls during a rebuilding year. We moved up a division this year and played against much better competition, which consequently caused more competition within the team."

"I think finding what combination worked best was the team's biggest challenge this season. The beginning of the season was really rough because we changed our line up and offense so many times. We had a lot of great players and it

- Nina Dias

was really hard to figure out how to fit, everyone in a six player rotation."

Girl's Volleyball

- Samantha Chmiel

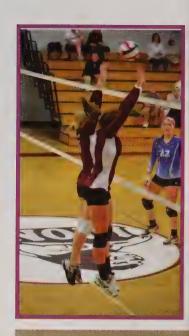

This season served as a building year for the Girl's Volleyball team. They faced new obstacles such as moving up a division and playing with practically a whole new set of team mates. However, the team handled the adversity to the best of it's ability. Between team bonding, team rituals, and enthusiastic cheering the Girl's Volleyball team came together and played as one. They managed to help not just their team but their community, especially in the Spike It for Life breast cancer charity match against Wilbraham Monson Academy.

Spike it for Life Charity Match

The varsity team hosted a charity match against Wilbraham Monson Academy on October 18, 2013. The night consisted of raffles, games, and a great match of volleyball. The team raised \$2,200 for the Rays of Hope Foundation, which is the most the team has ever raised! It was an overall great night spent with friends, family, and a very supportive crowd of spectators. Great job ladies!

This season there were ten seniors on the Boys' Cross Country team. From left to right, Jason Wegiel, Peter Skaza, ZeCarlos Roxo, Nick Mullins, Alex LaFayette, Nate Ferriera, Kevin DaSilva, Brian Cormier, Tyler Bastos, and Donovan Jennison (not pictured).

Some words of advice to returning runners from Nate Ferreira are, "Not to give up and believe in yourself. Stay positive; if you keep telling yourself you can do it, you will do it."

Captains' Corner

When asked to describe his most memorable moment this season, Captain, Connor Frigon, states, "The most memorable moment would have to have been at Brown this year watching mostly everyone on the team break their goals and getting crazy PRs. This just showed everyone what hard work does and how you feel when it pays off."

In response to how he contributes to the season, Captain, Peter Skaza, says, "I guess I just try to [like] motivate everyone with running the best that they can."

Boys' Cross Country

The Boys' Cross Country is not just a team, they are a family. The runners are constantly motivating each other, whether it's through social networking or one to one on a bad day where the last thing anyone wants to do is run. Not only do they motivate, the cross country runners congratulate each other when someone breaks their goal on the "Cross Countree" goal board

Girl's Cross Country

If you were to ask any member of the Girls Cross Country team what word most defined them, the answer would be uraniums "family"! They get through meets and practices that leave them physically and emotionally drained, often leaving them covered in mud. It is because of this support that they won five out of four meets and earned a well earned spot in Western

Mass.

Boy's Soccer

When someone hears Ludlow, they immediately think of soccer. Ludlow has won 17 state Division 1 titles. Ludlow boy's soccer has been known for many years because of their great achievements and titles. This year the team is lead by Berraa Ibas, Jordan Martins, and Matt Dent. This year's main rivals have been Chicopee High and West Springfield. So far this season the best game was against West Springfield in finals. This season the boys have definitely kept up their reputation as one of the best soccer teams in the nation.

Girl's Soccer

The Lady Lions came through this season with a rocky path. During this tough season Julianna Iwasinski managed to be the lead scorer with 4 goals. Runner up scorers were Mary Silva and Cayla Mole with a tie of 3 goals each. Throughout the thick and thin this years captains Mary Silva, Alyssa Martins, Cayla Mole, and Paula Yelinek made sure the ladies left no regrets. Especially when facing their rivals, Minnechaug, Belchertown, and East Longmeadow. Watch out for some of the rising stars next year like Alyssa Scymczyk, Jennifer Hackett, Kaeli Serafino, Julianna Iwasinski, Kelsey Jordan, and from JV Yariana Franco. Be ready to "UNLEASH THE BEAST!"

Lion's Hockey

Ludlow Hockey has had its ups and downs on the rink, but always manages to stick together as a team. They have pushed through all obstacles and put all they had into every game to do their best. The team this year has had enthusiastic fans cheering them on and keeping up their motivation to play hard.

Is it bittersweet to know that it's your last year on the ski team?

"Yes, because it is a truly unique experience that I will not be able to do after high school. However, it's nice to know that I can continue to ski after I graduate."

Emilia McDaneld

Do you feel like skiing does not get enough recognition in the school?

"Yeah, a lot of people don't even realize that we have a ski team. Whenever I mention I'm on the team people look at me weirdly like they never heard of the LHS ski team."

Gliding into the Lives of the Ski Team!

It was an incredible season for the Ludlow High ski team! They welcomed many new faces this year and overcame difficult challenges. Although they don't have a special ritual, senior Emilia McDaneld is there to give pep talks to the team before each meet. Each individual brings unique talents and that's what makes this ski team great. There may not be a huge crowd at every match, but Ludlow gains respect from all the hard work and dedication that that kids put into this sport. Unfortunately the team has to say goodbye to one senior, but they hope to expand their family next season and welcome some new faces.

The guys' basketball team has overcome so many obstacles this season, but because of their faith and will to strive on as a team they finished the season with spirit. Their faith has lead them to have complete confidence in doing a sport they love. Cutting it close this season, the boys almost tasted defeat, but with teamwork they've over come their closest games against Taconic and Chicopee Comp winning by nearly a point or two proving they have what it takes to be successful under pressure.

What has been your most memorable moment so far this season?

"My most memorable moment was during the game against Palmer when we came back from losing and won the game".

-Steph Guillen

"My most memorable moment was during the game against Agawam when our entire team entered their gym dressed the same".

-Kierra McCarthy

Girls' Basketball

The girls' basketball team has had quite the season this year. Despite having a young team, the girls have overcome many difficulties with the help of returning members. Seniors Kim McCarthy and Aly Bruneault, along with junior Alyssa Guyon have had a significant impact by leading the team to victory. The girls' motto for this season, "212," has inspired the team to try their best and to never give up.

The meaning of "212"

The motto of the girls' basketball team is "212". When explained, "212" means the temperature at which water boils at, which creates steam that can power a locomotive. This motto represents their desire to work hard and keeps the girls focused on trying to win each game.

Nicholas Potorski swims head-to-head against Palmer in the 200 yard Individual Medley, on right.

How do you motivate your athletes to do their best?

"Motivation is different for different athletes. I don't think there is a one-size-fits-all solution. I believe in positive reinforcement and a constructive coaching style versus a style that only focuses on only the things that need improvement."

Brian has been wrestling for 6 years and making it to WMASS and States almost every year since his high school career. And this year he's back!

Wrestling

As a small squad most would say, the wrestling team has a good amount of power and great coaches. Senior Brian Cormier reached his 100th win this year! Through tough matches this season captains Brian Cormier and Brandon Macznik (Fitzy) made sure their squad is having fun even when doing workouts at practice, and when they feel like giving up. Dominic Coelho, Nicholas Godbout, and Brandon Macznik are a few rising champs you should watch for next year because you'll have some great matches to watch along with their other team mates!

Alternative

Have you always wanted to be in the vearbook for athletics but you didn't compete in a school sport? This year students had the chance to have the spotlight on them. For the first time in history, the Ludlow High School

Yearbook has an alternative sports section which offers students the ability to show off what they do after school to stay fit. Within this section athletes will be recognized for what they do best!

ICE SKATING

"I started ice skating when I was ten years old. Since then I practice two days a week during school and in the working on my freestyle technique. summer, five days a week. The reason I love ice skating is because it is very technical and one has to be a perfectionist. At some point I would love to go to the Winter Olympics.'

-Shannon Crowe

"Five years ago is when I started ice skating. I practice twice a week And the practices..., they're pretty tiring and long. My favorite jump though has to be the double toe jump because of its complexity. The Winter Olympics is my ultimate goal."

-Sarah Jane Meak

Parkour

"What Parkour is, is the quickest way from point A to point B. I started it when I was about five and have been doing it ever since. It's something that you can basically do anywhere. Parkour is also a sport where you learn your limitations quite quickly.I do it at least twice a week, kinda just for exercise."

Joey Andrade

MOTOCROSS

"I was five when I started riding after my dad gave me a dirt bike for my birthday. 2010 was the first year that I started to race my dirt bike, starting with hare scrambles and then moving to motocross. For training I ride my road bike and run as well as core training. I eat really healthy too. Eventually I would love to make a career of racing my dirt bike"

-Kane Kwatowski

Tae Kwon Do

"September of 7th grade is when I started Tae Kwon Do, I was thirteen. Practice is four to five days a week for a total of five and a half hours. What I practice is fighting drills and board breaking techniques. Now I'm a second degree black belt and I would love to continue if the training is available."

Alyssa Russo

Dancing

"Dance is a huge part of my life. This year will be my sixteenth year of dance and its so exciting because we're going to perform down in Disney this summer. I practice a lot, five days a week. What I practice is Ballet, Hip Hop, Lyrical Jazz, Modern and company. Hopefully I'll be able to teach at a studio some day or run dance workouts if the opportunity arises."

"I was three years old when I started dance. I'm at the point now where I do it three days a week, practicing Hip Hop and Lyrical dance. I'm doing this to practice for Dance Workshops performance down in Disney! To stay healthy and limber I stretch and eat healthy. My hope is that I'll be able to dance into college and then maybe teach Dance."

Kirsten Noga

"My philosophy is that I'm an artist. I perform an art not with a paint brush or a camera. I perform with bodily movement. Instead of exhibiting my art in a museum or a book or on canvas, I exhibit my art in front of the multitudes."

-Steve Prefontaine

"The first time I started dancing, I was four years old. I now practice Jazz and Pointe three days a week in preparation for competitions. What's cool is that I'm a solo dancer, so there is a bit more pressure involved. Because competitions can be far away it can get quite expensive. I love dancing in my free time."

Laura Wells

"I started dancing when I was three years old. I practice every Monday and Wednesday for two hours getting ready for a recital in the first weekend of June. My level of Dance is company, the highest in our studio. I want to dance into college for a club. My favorite thing is when we all come together for a dance."

Brittany Dias

INDOOR SOCCER

"I've been playing indoor soccer for eight years now and I love it. We play at sports world twice a week, and it just gives me a way to mess around. What I love about it is that we're always there for each other and I'm always looking forward to the next weekend."
-Patrick Morais

"What I like about indoor is that it keeps you in shape for the outdoor season. And with this being my 11th year playing, it's pretty rewarding. What's also pretty cool is that the chemistry on our team is so strong that we're like brothers."

-Jeff Danek

Deck the Halls

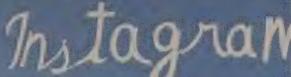

Class of 2014 WINS

The enchanted halls of LHS were decorated from Wednesday the 18th until Thursday the 19th of December. The Freshmen. who in a controversial act to purple, created a Willy Wonka candy land. Their hallway featured music from the movies and a life size Willy Works himself. The Suphomores invited everyone Into Santa's workshop. One of their best features was the couch area complete with a Christmas tree and cookies

that were supposed to be for Santa! The Juniors took us to Paradise with a Pirate Ship and Tiki area. However, it was the Seniors theme of social media that stole the show.

Complete with twitter hashtags and instagram pictures posted to their "wall". They even had #throwback pictures! The Seniors use of their color blue really stole the show by displaying a hall of memories. Maybe next year Class of 2016!

PENNY WARS!!!!!!

The Juniors, Class of 2015, pulled out a surprising victory. The Penny Wars are conducted by bringing in pennies to help your own class, BUT you can put silver coins and dollars into other classes jars in order to lower their total. This year at LHS over \$1,000 was raised and donated to the Survival Center.

What is your favorite part about spirit week?

one of the second

LHS Spirit Week

(Right): Freshmen show their school pride on Maroon and White day.

(Below): All four classes compete on Class Color day. Freshmen: Purple Sophomores: Green

Juniors: Red Seniors: Blue

Or should we call it Seniors vs. Sophomores? Within the last spirit weeks, it has been a close battle between the senior and sophomore classes. During the fall spirit week the seniors realized they had to step up their game. At the powderpuff games the sophomores and juniors won their games while the seniors won the tug of war. This made it a close call between the sophomore and senior classes. This being their first year, the freshmen were just getting used to spirit week. The seniors pulled it off with a win in the fall. The sophomores were determined to win and came back with a victory during the winter spirit week. The whole school will watch in anticipation to see who is the most spirited class.

What do these words mean to you? For the community of Ludlow and the students of LHS these are more than mere words. They represent the impact Sgt. Joshua Desforges had on his community. He was a 2004 graduate of Ludlow High School who gave the ultimate sacrifice on May 10th, 2010 while supporting combat operations in Afghanistan. A memorial behind Ludlow High School reminds us about Josh's passion while a fitness challenge was created to fund a scholarship that supports those who chase their dreams. This year over 60 participants competed in an hour long Marine fitness challenge with a chin up contest at the end to determine the final winners. Although the participants were physically exhausted LHS's winner was senior class member Devin Cave. All who watched these men and women compete were inspired and moved by a battlefield memorial as a tribute to Josh at the end of the challenge.

Everything but volleyball...

Volleyball Marathon did not disappoint. There was both triumph and tragedy on and

off the court, and with more than 35 teams it was a full house. Music was supplied almost all night by Dan Gil who served as the unofficial DJ! The onslaught of all these teams made for stacked competition in all three of the divisions. However, there could only be one winner and Setting Fire pulled it off in a intense game against The Smurfs. With the proceeds of the volleyball marathon going towards Yearbook and LHS's Band this year was nothing short of amazing. Thank you to all the supporters, volunteers, and those who made donations!!!! See you in 2015.

Clubs and Organizations

Ludlow High School students have very little spare time. Most students have jobs, homework, sports, and other obligations that take up their time. However that doesn't stop them from somehow squeezing in time for their favorite club. Clubs give students the opportunity to meet with others who share their interests, passions, and ideas. Whether it's a rousing game of ping pong or donating prom dresses for Interact club LHS's Lions use their clubs as another way to enjoy their time in high school!

Included with most clubs you will find a brief description of each club in case you want to join next year!

Student Council

Student Council is an organization made up of representatives and elected officers from each class. They are the voice for many of their classmates concerns. This year the Student Council was responsible for getting a new Internet assignment protocol in place to help students balance out on-line assignments. In addition, Student Council manages a blood drive here at LHS and participates in Read-Across America!

The LHS Band is one of the most active clubs in the whole school. They compete in several competitions during the year, play at concerts, and even play at the Big E. Every year band members are chosen by their teacher for the Quabbin Festival and get the honor of playing with different students from all over our region. Junior Ian Rouillard said, "Band is like a huge family. Even if you have never played an instrument you are welcome!"

Top row (L-R): Mrs.Stratton, Ms.Ramah

National Honor Society is a big deal. Every year juniors and seniors who apply have to complete an application. The requirements are be active in two school organizations, have two short term community service projects, one long term community service project, two teacher recommendations. a 3.33 cumulative gpa, a leadership position, and you have to write an essay! After that, it is up to a board of staff to determine who gets this distinguished honor and a library pass.

Leading Lions

Leading Lion's are first and foremost role models in the school. They help with Freshmen Orientation which is quite the task considering how new everything is to the freshmen. Leading Lion's is a great way to show off leadership and role model skills!

Lion's Pride

If you love dressing up for spirit week, raising money for charity, or watching the powderpuff game than you need to thank Lion's Pride! This club is all about bringing spirit, fun, and charity to Ludlow High School.

Jacqueline, I can't believe you are already graduating High School. It seems like just yesterday we were in the back of the mini-van going on all kinds of fun trips with mom and dad. I know life has thrown us some major curveballs, but we have always been there for each other to get through the worst and I am so grateful for that. I am so proud of the amazing young adult you have turned into, and I know that you will go on to do great things with your life. Of course I will always be there along the way no matter what path you take. Love you so much little sis, and congratulations on your first big accomplishment of many.

> Love your brother, Kyle

Makenzie-

It's hard to believe how quickly you've grown up. What a beautiful young girl you have become in such a short amount of time. We wish you happiness, joy and success. Remember to follow your dreams where ever they may take you.

Love Mom, Dad and Makayla

Dear daughter. Beside the obvious good grades and wonderful attitude you have had about life and school, I wish to say, I am most proud of your ability to understand everyone around you. Jacqueline, you possess a talent for communicating, caring, and compassion, which is well beyond your years. Because of this gift, I know you will journey forward, to help others and make a big difference in this fast moving world of ours. Since 2009, you've continued to carry Daddy's legacy of honor and respect. I love you more than you will ever know. Love, Mom

Kayla

With what you have overcome in life there is no obstacle that can keep you from reaching your life's goals.

All Our Love,

Dad, Mom, and Sean

Yearbook: The Lion 2014

As the Adviser of The 2014 Lion Yearbook staff I could not be more proud! This was the first year that there was a full staff dedicated to the production of "Making Memories". From my amazing Editor-in-Chief Amber Curry, to all my stressed out but amazing Seniors, and to my underclassmen who showed their maturity and creativity, THANK YOU!!

My hope is that with a purchase of The Lion 2014 Yearbook you, the student, teacher, administrator, or parent are overwhelmingly pleased with the job done in this publication.

Four deadlines and countless hours later WE DID IT!!!!!!

Love Lowe!
